Preferred Shares Taken in Large Quantity on Advancing Bids.

Railway preferred and bonds were the biggest sellers on the local exchange today. Capital Traction 5's. at 110%, and Railway 4's, at 86%. were the bonds which chiefly attracted buyers, bids for others on the list being below the offered prices.

Rallway preferred had a good share of the attention of brokers for the session. On call the stock went off in sprightly fashion in small lots and in quotation lots at 95½. After call some quotation lots and fragments were taken over at 96. In all nearly 300 shares were gold.

Five shares of Washington Gas brought 86, and after call the sale of ten shares was arranged at 86½. In the general business after call Rallway common came out on limited bids at 89. The issues enumerated, with the sale of a small lot of Capital Traction, at 126½, and Security Storage at 215, constituted the business of the day. were the bonds which chiefly attract-

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-gages), well secured on real estate in the District of Columbia, constitute "gilt-edge" investments. They do not depend upon the financial responsibility of indisduals or cor-porations for their stability, and are exempt from taxation as personal property.
